

COMPANY PROFILE

**Your Trusted Partner In
All Kind Of Hydraulic Services**

ABOUT US

Mission

To meet international standards with unbeatable reliability and quality in hydraulic industries.

Vision

To be the first choice for engineering and hydraulic solutions in Kuwait and the Gulf region.

Kuwait Gulf Hydraulics (KGH) is a leading provider of specialized repair and maintenance solutions for hydraulic systems in the automobile, industrial and oil and gas sectors. We ensure optimal performance, safety, and reliability for your equipment.

Our commitment to clients is to minimize equipment downtime and maximize performance by delivering top-tier services through certified engineers and technicians. With a focus on resourcefulness and innovation, our team conducts thorough diagnostics to provide effective solutions for your hydraulic and manufacturing needs.

Kuwait Gulf Hydraulics [KGH] an ever-expanding company funded and supported by Kuwait National Fund, consists of highly qualified professionals with long experience in hydraulic and industrial sector.

Professional Technicians Affordable prices No hidden costs Free Consultant Fast Services

Quality is the backbone of everything we do here, we constantly challenge ourselves to improve our services by providing training and educational courses to meet and exceed our customer's needs.

ISO GUIDELINES

ISO guidelines are implemented in all areas of the work, from receiving a job until its completed and delivered, ISO standard are always followed to ensure the safety and quality of our employees and services.

ISO 9001:2015 - Quality Management System (QMS),

ISO 14001:2015 – Environment Management System (EMS)

ISO 45001:2018 – Occupational Health & Safety Management System (OHSMS)

The ISO certification clearly demonstrates that we have robust and defined procedures in place in all our business areas. So, we can proudly state that Fortress services are delivered with quality and transparency in mind.

SERVICES

Cylinder Services

We excel in both repairing and fabricating all types of cylinders, offering top-notch solutions to ensure optimal performance. From fixing issues to crafting new cylinders, count on us to deliver reliable results that meet your requirements.

- Bop Hydraulic Cylinder
- Stabilizer Cylinder
- Outrigger Cylinder
- Cat Head Cylinder
- VDF Engine Room Cylinder
- Substructure Cylinder
- Hydraulic Stabbing Board Cylinder
- Telescopic Cylinder
- Mud Pump Skid Cylinder
- Sub Base Lock Pin Cylinder
- Buffer Rig Floor Cylinder
- Buffer Mast Cylinder

SERVICES

Hose Crimping

Our hose crimping service ensures secure, leak-free connections with precise, durable fittings for industrial, automotive, and hydraulic applications. Quick turnaround and expert craftsmanship guarantee optimal performance.

- Increased safety
- Improved performance
- Reduced downtime

- Automotive
- Marine
- Industrial

SERVICES

Seals Fabrication

We specialize in precision seals for various industrial needs, ensuring high performance and durability. Using premium European materials, we guarantee reliability and longevity. Our solutions range from standard seal kits to custom designs for heavy-duty, high/low-pressure, and high load-bearing applications.

- Mechanical Seals
- Piston Seals
- Guide rings and Guide Strips
- Rod and Buffer Seals
- Wiper Seals
- O-Rings and Back-up Rings

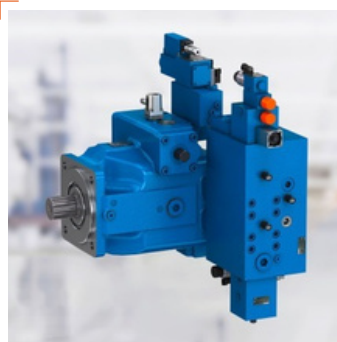

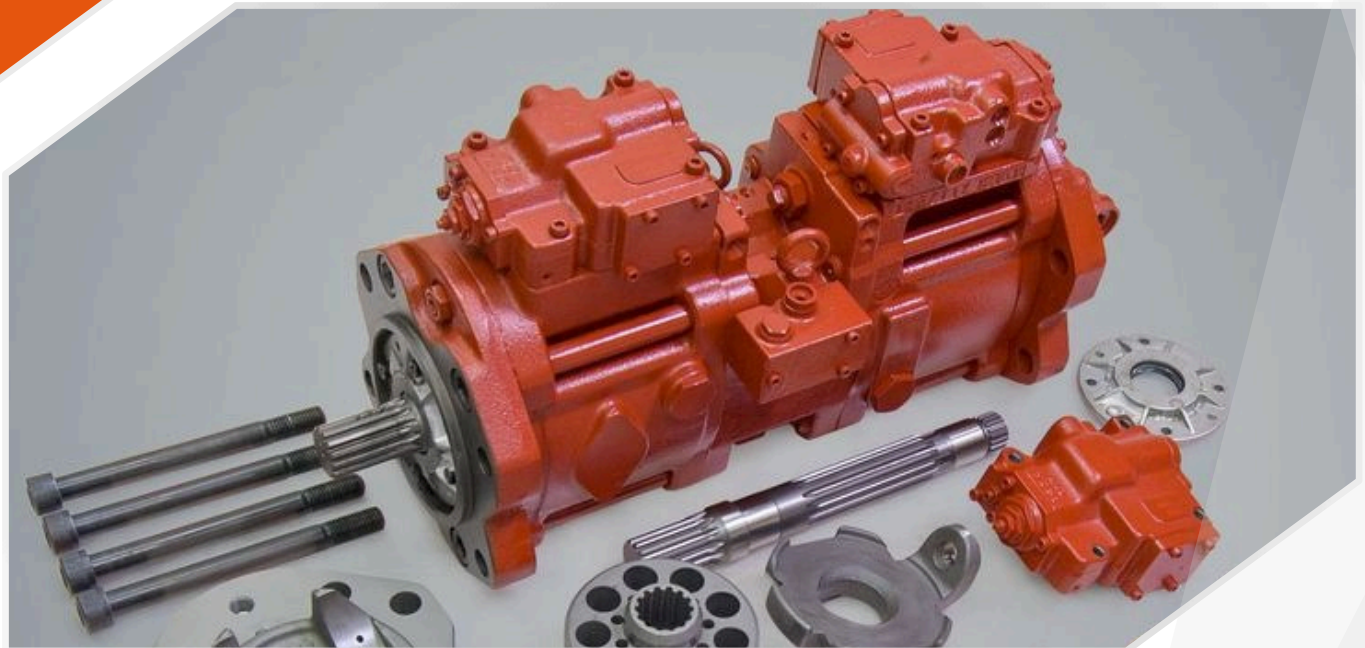

SERVICES

Pump And Motor Services

We provide comprehensive pump and motor services, including repair, maintenance, and testing, to ensure optimal performance. Our experts specialize in repairing pumps from top brands such as PARKER, BOSCH REXROTH, SAUER-DANFOSS, EATON VICKERS, CATERPILLAR, and PROCLAIM.

- Hydraulic Axial Piston Pump
- Hydraulic Gear Pump
- Hydraulic Charge Pump
- Hydraulic Axial Piston Motor
- Hydraulic Gear Motor
- Centrifugal Pumps
- Submersible Pumps
- Hydraulic motors

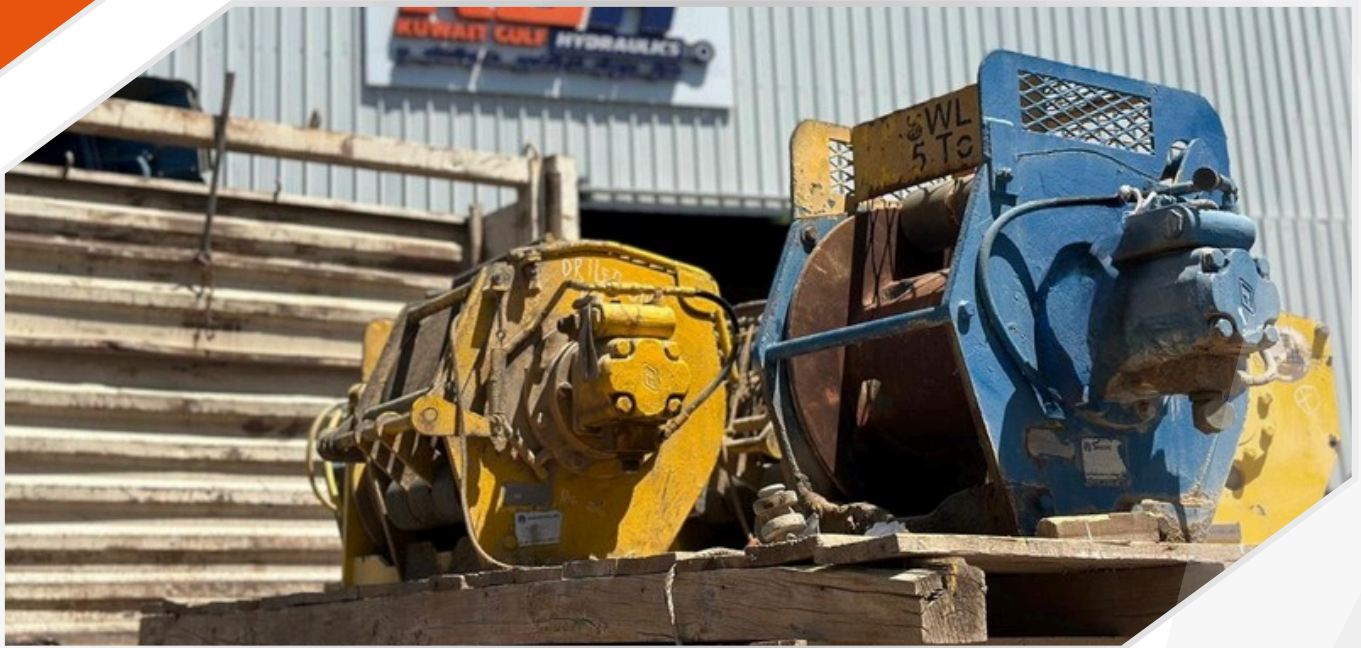

SERVICES

Air Winches Repair

We specialize in the repair and maintenance of all types of Air Winches, ensuring their reliability and readiness for diverse industrial applications.

- Gearbox assembly
- Frame and housing
- Drum shaft and bearings
- Brake system

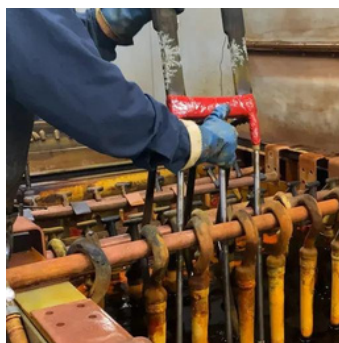

SERVICES

Hard Chrome Plating

Our hard chrome plating service enhances hydraulic cylinders by improving strength and rust resistance, extending their lifespan in harsh environments. This coating reduces maintenance needs and boosts equipment performance.

- Enhanced Component Longevity
- Precise Thickness Control
- Uniform Surface Coverage
- Adherence to Industry Standards
- Improved Wear Resistance
- Expert Craftsmanship

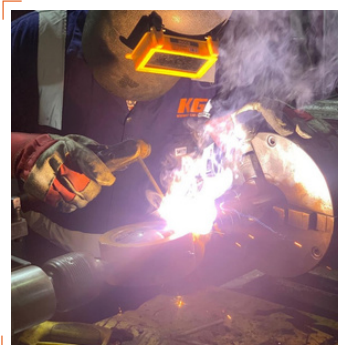

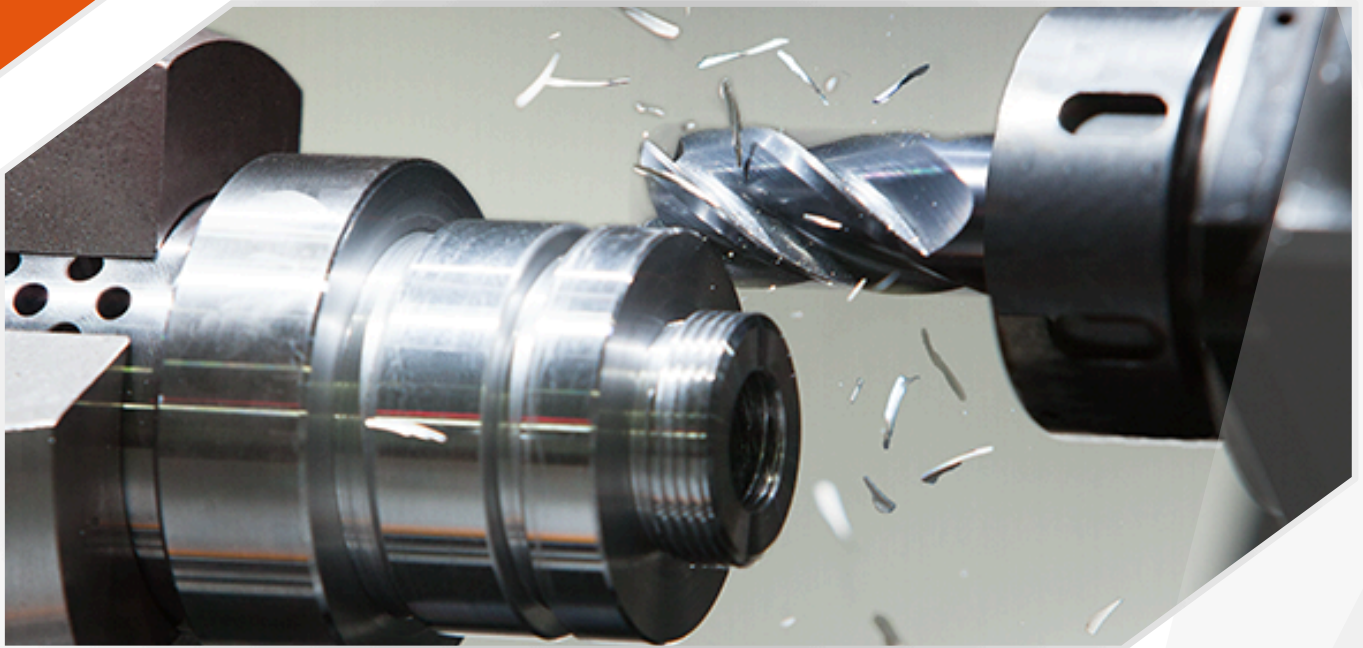

SERVICES

Machining & Welding

Our machining and welding services meet diverse industrial needs with precision and durability. Using the latest technology, we deliver reliable solutions that adhere to strict quality standards. From custom fabrication to complex repairs, our services ensure long-lasting performance and industry compliance.

- Cutting-Edge Machining Capabilities
- Certified NDT Technicians

- Certified Welding Expertise
- Surface Finishing and Refinishing

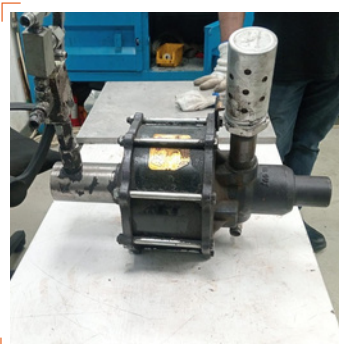

SERVICES

Aviation Repair Services

Our aviation repair services ensure the safety and reliability of hydraulic components, upholding the highest standards for seamless aircraft operation. We are dedicated to excellence, contributing to the industry's safety and performance.

- Thorough Inspection and Precision Repairs
- Efficient Turnaround Time

- Safety-Centric Approach
- Rigorous Testing and Quality Assurance

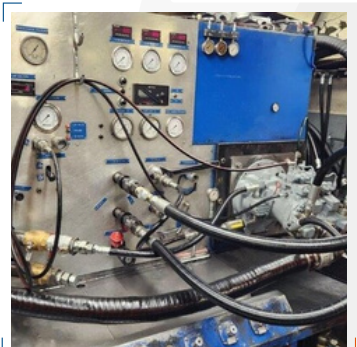

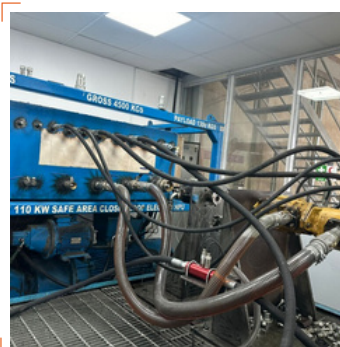

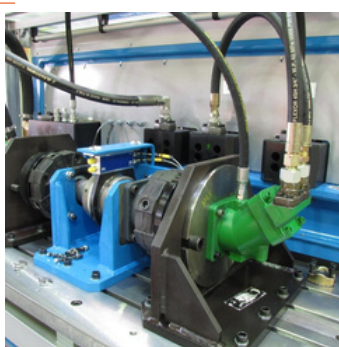

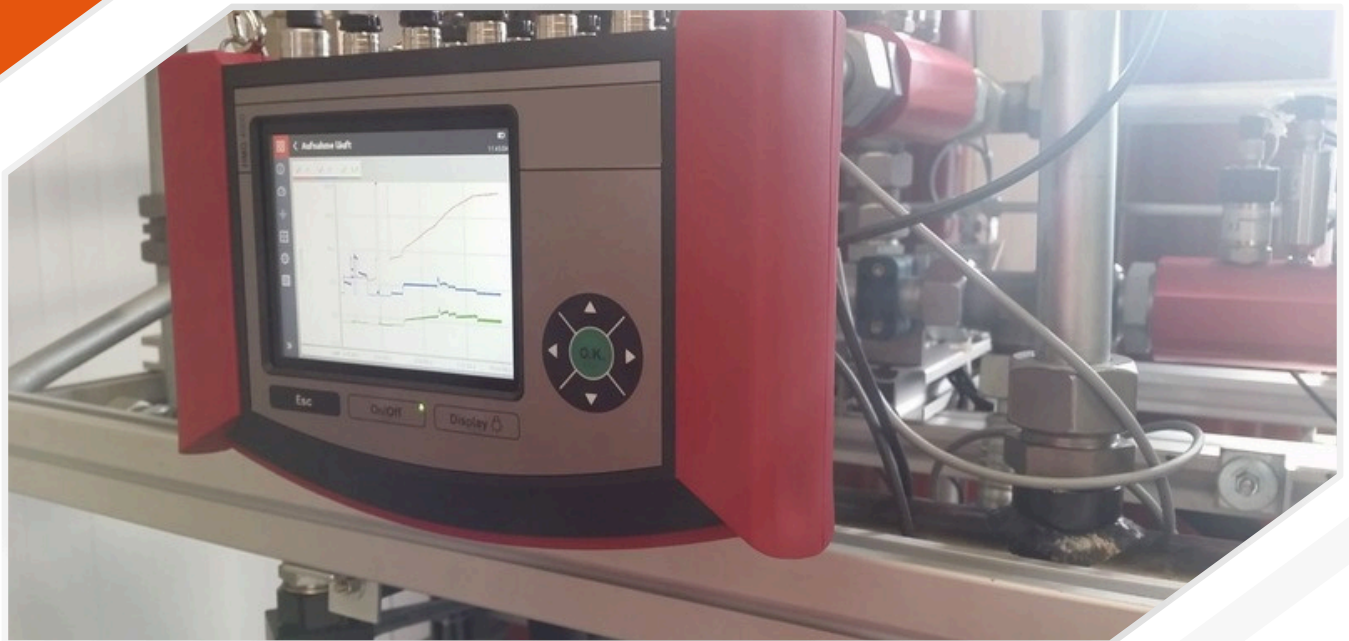

SERVICES

Pump Testing - Test Bench

Our advanced test benches assess pump performance, including efficiency, flow, temperature, and pressure, with detailed reports to support maintenance. Reliable, industry-standard testing ensures optimal functionality.

- Graphical Test Reports
- Reliable Performance Assurance
- Comprehensive Analysis
- Efficiency Optimization
- Precision Diagnosis
- Compliance and Standards Adherence

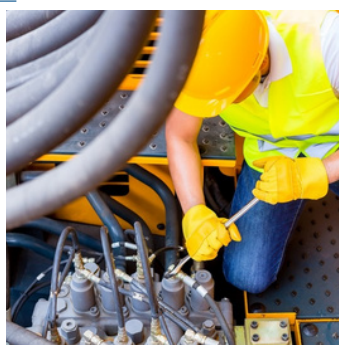

SERVICES

On Site Services

We provide on-site services, offering convenience and efficiency in addressing urgent industrial needs, ensuring minimal downtime. Our commitment to delivering on-site services aims to provide maximum convenience, efficiency, and minimal disruption to your industrial operations, ensuring your needs are addressed promptly and effectively.

- Tailored solutions at your location
- Convenience and timely solutions
- Cost-Effectiveness and Efficiency
- Emergency Repair Services

SERVICES

Marine Equipment Repair Services

We specialize in marine equipment repair, ensuring safety and optimal functionality. Our skilled technicians use advanced tools and best practices for maintenance and complex repairs, enhancing operational resilience in the maritime industry.

- Onboard and Dockside Repairs
- Urgent Response and Rapid Deployment
- Diagnostic Precision
- Documentation and Maintenance Records

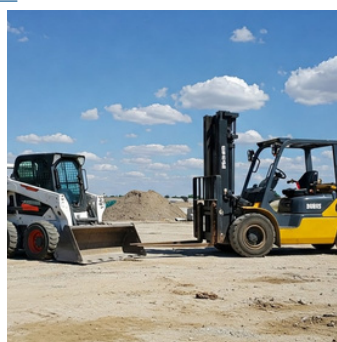

SERVICES

Construction Vehicles & Cement Mixer Repair

KGH is committed to ensuring the seamless operation of construction vehicles and equipment. We specialize in expert repair and maintenance, maximizing performance and reliability.

- Cranes and Lifts
- Cement Mixers
- Concrete Pumps

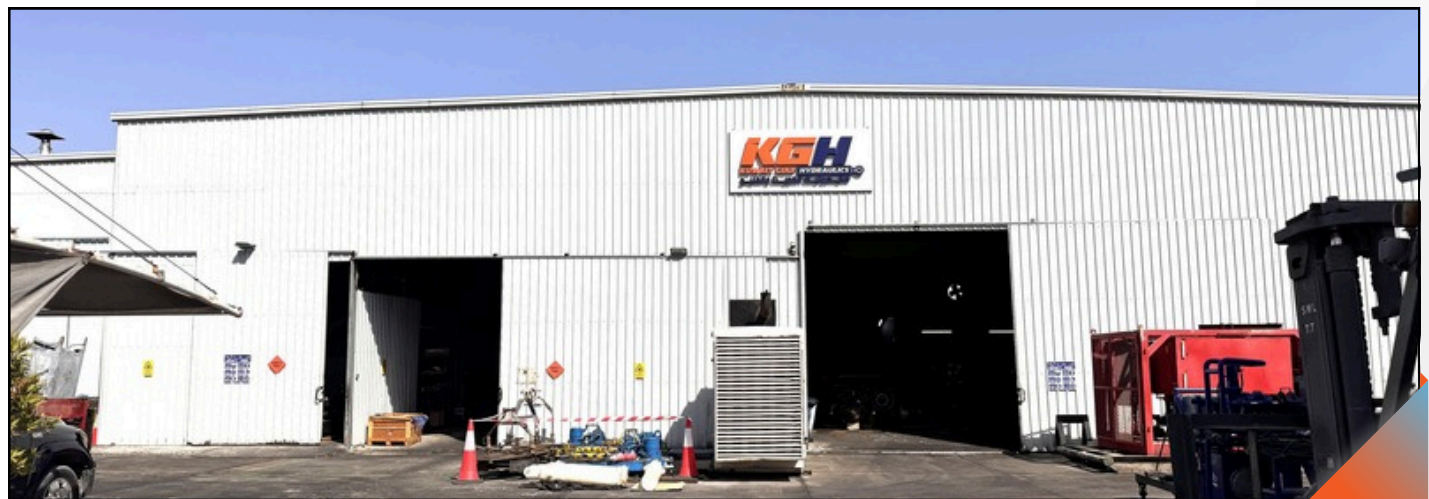

- Excavators
- Loaders
- Bulldozers

FACILITY & EQUIPMENT

Each designated area within our facility is tailored to specific operations, ensuring efficiency, precision, and adherence to quality standards throughout the production and repair processes.

- Dedicated Honing Machine
- Hard Chrome Plating Area
- Dedicated Welding Area
- CNC Machine for Seals Fabrication
- Versatile Machining Equipment
- Dedicated Area for Pump Repair and Sensitive Parts

OUR EXPERTISE

With a team of highly skilled and certified professionals, KGH boasts a wealth of experience in hydraulic repair and servicing tailored to the specific demands of the Oil and Gas sector. We take pride in our ability to deliver the following:

QUALITY

We adhere to the highest standards of workmanship, using top-quality replacement parts and components in all our repairs.

CUSTOMIZATION

We tailor our repair and servicing programs to meet your specific needs, whether it's a single component repair or a comprehensive overhaul.

SAFETY

Safety is our top priority. We ensure that all repaired components and systems meet or exceed industry safety standards.

EFFICIENCY

We understand that downtime can be costly. Our efficient repair and servicing solutions aim to minimize interruptions to your operations.

RELIABILITY

Count on KGH to provide dependable services, keeping your equipment operational and your projects on track.

INDUSTRIES WE SERVE

INDUSTRIAL SECTOR

Manufacturing Equipment
Heavy Equipment Machinery

OIL AND GAS SECTOR

Drilling Sector
Refinery
Service Companies

AUTOMOTIVE SECTOR

Construction Machinery
Dump trucks

WHY?
Because We Can!
